DETAILED TABLE OF CONTENTS

List of Tables, Charts, Graphs, Maps & Photos vi

Chapter 1 Communications and Innovation, Networks and Territory 1

- The Research Question 2
- Findings at a Glance 4
- Theoretical Framework 8
  - Technology as History 8
  - The Firm as *Network* 9
  - Communications as Revolution 10
- The Argument 12
  - Theoretical Contours 12
  - Empirical Outlines 17
- On Method: Why Compare Swift and Dell? 21
- Plan for the Study 26

Part I Theoretical Model

Chapter 2 Communications and Innovation, Business Organization and Territory A Synthesis 29

- From Communications to Territory 29
- Innovation and Technological Change 30
  - Schumpeter and the Legacy of Marx 32
  - Innovation and Entrepreneurialism 34
  - Innovation as Learning 38
  - Innovation as Inducement 42
- The Firm as Business Organization 45
  - Integrated Firms *Intra*firm Networks 47
  - *Inter*firm Organization 52
- Communications As Revolution 60
- Toward Synthesis 62

Part II **Rails, Telegraphy and the Vertically Integrated Organization of the G.F. Swift Company**

Chapter 3 The Railroad and Telegraph as Commerce System and Market Space 69

Communications and Commerce 69
Infrastructure Interconnection 71
Interregional Trade and Mass Markets 73
Markets as Territory 76
Pre-rail and Telegraph Markets 77
The Beginning of Interregional Trade 81
From Water, to Rail- and Telegraph-based Trade 84
Advantages of the Rail and Telegraph System 86
Rails, Telegraphy and the Livestock Trade 89
Institutionalization of Interregional Trade 90
The Politics of Market Space 93
Urban Impacts of Interregional Trade 95
Urbanization and City Rankings 96
Mass Markets and Manufacturing 98
The Platform for Innovation at Swift 100

Chapter 4 Rails, Telegraphy and the Beef Network of G.F. Swift & Company 102

Gateway to Innovation 102
Communications and Creative Destruction 103
The Network of Swift 104
Early Meat Packing 107
Markets and Meat 107
Organization of the Early Beef Trade 109
Rails and Cattle 111
The Stockyards 111
One Step Forward… 113
Early Refrigeration 116
Entrepreneurial Opportunity 118
Learning a New Business 119
Network Expansion and Diffusion 125
The Geography of Operational and Organizational Innovation 132
Expansion and Control 134
Anatomy of The New Geography 138
The Direct System of Operations 144
The Vertically-Integrated Organization 148
The Politics of the National Beef Market 154

Part III **The Internet and the *Virtually* Integrated Organization of Dell Computer**

Chapter 5 The Internet as *Commerce* System and Market Space 158

From Communications to Commerce 158
The Contours of Commercialization 159
Users as Innovators 160
Expandability and Interoperability 161
The Contingencies of Internet Commercialization 163
Internet Origins and Architecture 165
ARPA and the Internet 166
Infrastructure Standards 168
The Web, the Browser, and Web Commerce 171
Internet Commerce and Government Policy 176
The Internet Retail Space 178
Amazon and Internet Market Space 179
Internet Efficiency, Internet Geography 180
The Internet Business-to-Business Space 184
Interfirm Value Chains 186
Internet Value Chains 187

Chapter 6 The Internet and the Production Network of Dell Computer 192

From Custom Direct to Internet Direct 192
Competition and the PC Value Chain Before Dell 197
IBM and the PC 197
Large Firms, Suppliers and Clones 201
Open Standards and Modularity 203
The Indirect Channel 206
Entrepreneurial Opportunity 207
Genesis of Dell 210
Custom Direct 210
Tactical Shift 218
The Internet 219
Online Selling 222
Beginnings of the Second Web Revolution 224
Dell's i2 Internet Production Network 227
Operations: Global Supply Planning 228
Operations: Demand Fulfillment 232
Organization: The *Virtually*-Integrated Firm 237
Territorialization: Geography and the Dell Network 242
The Geography of Assembly 244
The Geography of Supply 248
Diffusion of Dell's Production Network 255
Dell's Final Ascent 255
In Dell's Own Image and Likeness 256
Appendix: Interviews and Interviewees 264

Chapter 7 Conclusion: The *Rhyme* of History 266

The Pattern of Innovation and Economic Change 267
The Contours of Parallel Worlds 270
Operations 270
Organization 274
Territory 277
Final Propositions 279
